

### USE YOUR SECRET CODE SKILLS!

You can use lemon juice, whole milk, or cream to write (or paint) an invisible message on a piece of paper. Use just like ink and let it dry, it will be almost invisible when it is dry.

To reveal the message you need to heat the paper up. Get a growmpup to help you by ironing it or putting the paper in a hot frying pan (take the pan off the heat, first) and hold it down with a pot holder until the secret message appears.
